## DAY HAB - WEEKLY

ז' שבט תשע"ד

It's already seven years since the passing of our beloved friend, yblch"t, Shlomie Teitelbaum's. It is still fresh in our hearts and minds like it happened yesterday. That is why we have such deep feelings for learning mishnayos in his memory and celebrating his yartzeit together with, yblch"t, his chushavah father Rabbi Teitlbaum, Sasavah Rebbe shlitah. As we were watching videos of our years with dear Shlomie the Rebbe commented; "It's beautiful and emotional to see what all of you have done for him in the past... but what we're watching here is only a fraction of the awesome work you did and seeing what a great, quality time Shlomie had here with you. However, up in shamayim, where Shlomie is now, there is a full recording of every second- nothing gets forgotten there. Shlomie remembers all of you and is for sure asking in shamayim for all the best for you. In the zechus of what you did for him, we will very soon meet up with him with the speedy arrival of moshiach tzkeinu bb"u."

Nur oif simches!  
Yes, last Friday we b"n celebrated the bar mitzvah of our devoted long time DSP, R Cheskel Levy's son, Moshe. Some of us still remember when, at the time Moishele was born, his mom was the cook in the Concord IRA, so this was a real family simcha. We're all wishing the bar mitzvah boy and his father loads of brachos and nachas.
