what is happening at the club?

Continuing to learn the **מכות** is interesting and exciting in UPCLUB!

We were able to spot the **ארבע** between the grass.

We had so much fun running around in the **חשך** (dark room) and when teacher raizy yelled **חשך** we froze.

Hashem told the yidden to tie a shefele to their beds

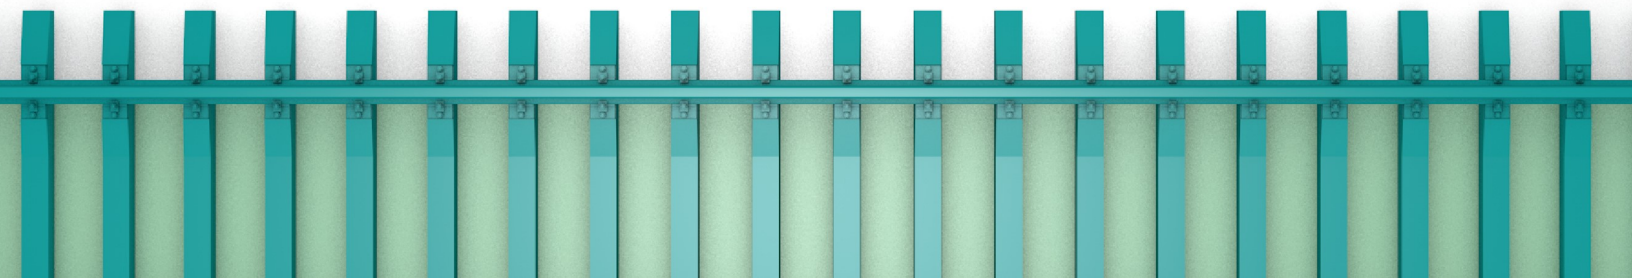

*by free play we demonstrated this by making a bed out of Lego and tying an animal to it.

- ◆ we made an arts and crafts shefela with a string to be tied to our beds.

The yidden used the blood to put around their door.

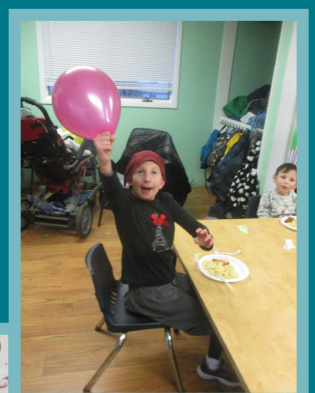

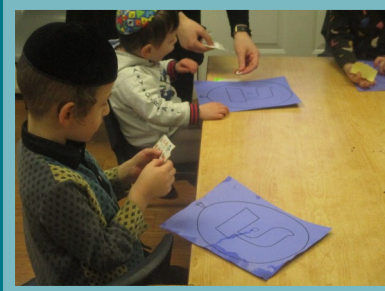

- ◆ so to did we put red tape around two of the door ways to our classroom and the third door way left empty. We pointed to one of the doorways and if it had a red tape we sang **דא וואונט א איד**
- ◆ When we pointed to the doorway without red tape we sang **דא וואונט א גוי א מצרי**
- ◆ Mommy did you see my red doorway?
- ◆ It was so exciting when Pharaoh (teacher Raizy) was asking us were moshe is and of course we didn't say, we just pointed in all different directions **דא דא דא** , then we sang shama, shame Pharaoh....
- ◆ The excitement was tangible in the air when the yidden went out of **מצרים** with the **מצוות** on their back.
